

CLEARING THE DOWN-TOWN STREETS.**Mr. Hart Enforcing the Ordinance against Encumbering the Sidewalks.**

The street vendors whose stands, boxes, and barrels have obstructed the sidewalks of Barclay, Vesey, Washington, Fulton, and other streets near Washington Market were warned, last week, of Superintendent Hart's intention to enforce the law. The time allowed for the removal of the obstructions expired yesterday, and yesterday morning the Superintendent and his deputies appeared in the streets with two-to-four trucks, half a dozen laborers and three policemen. The first seizure was made at Vesey and West Streets. Here several stands on boxes were found. They were quickly loaded on trucks. At Washington and Vesey streets a teamster and his cart were seized, and a barrel on the curbstone. He had been warned to remove them; but he contended that he had a right to put them there, and refused to do so. The officers who seized him threatened to lay upon the truck. Other chests were put in their place, and those also were seized. Then the merchant desisted.

A man who kept a paper stand at Barclay and West Streets was found still in possession. She was evidently surprised at the order, however, and when she was assured that the officers would seize her stand and goods did she promise to vacate. Then she found a truckman who carried it off for her for \$1.00.

In West, Washington, and Fulton streets the inspectors found sufficient goods to fill one of the trucks, and the other stands, barrels, and boxes were found standing on the curb stones. For this the owner could be found, and was required to remove them.

In Chambers street, near Hudson, a number of willow and wooden ware dealers had long obstructed the sidewalk. The dealers were warned, and called at 15 minutes past 10 A. M. to remove their stands. The sidewalk yesterday, and Superintendent Hart gave them until 4 P. M. to vacate.

At 5 o'clock yesterday afternoon the down town streets were free of improvement.
